Notes:

- add ability to add friends to my game session. How?
Maybe an "add code" or link.

My turn

Submit my caption card

Judge announces winner of round

* tabs?

- 1- My cards
- 2- Submissions

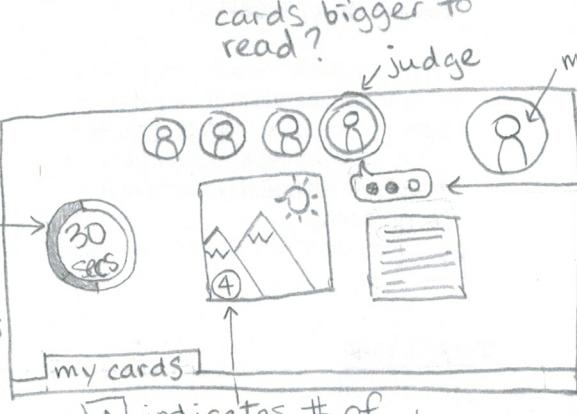

drag & drop card onto photo (center)

①

adding a timer will increase game pace = allows more rounds are played per 30mins = conserve power

②

times up!

③

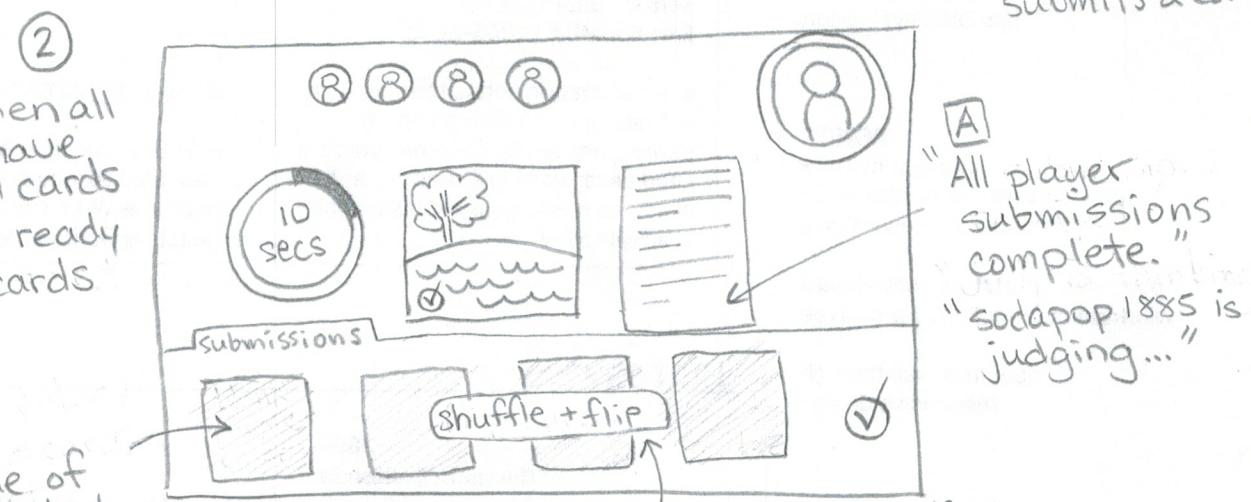

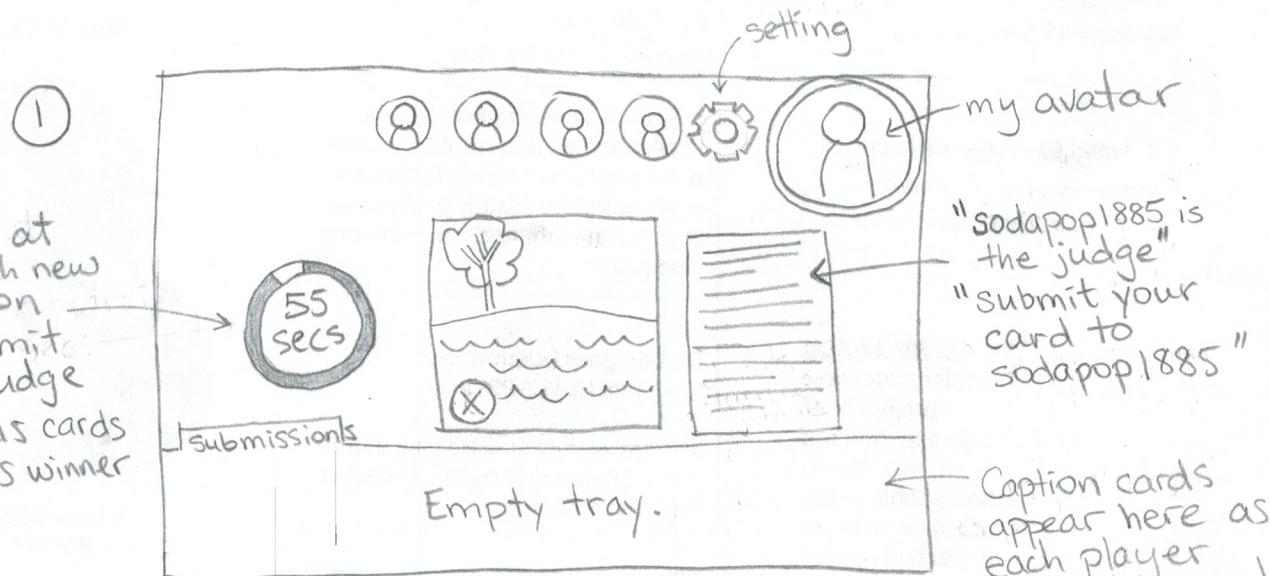

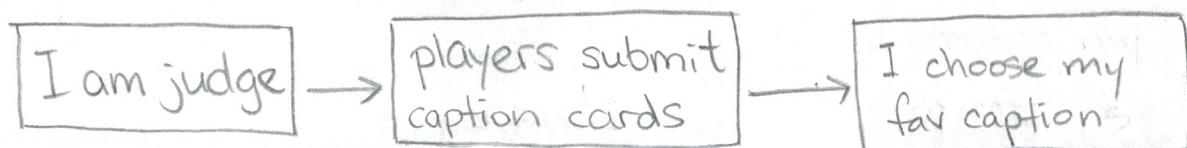

updates all players of game status:
- who's turn?
- who's the judge?
- who won that round?
- scroll like a chat window.

B animated dots show "judge is thinking"

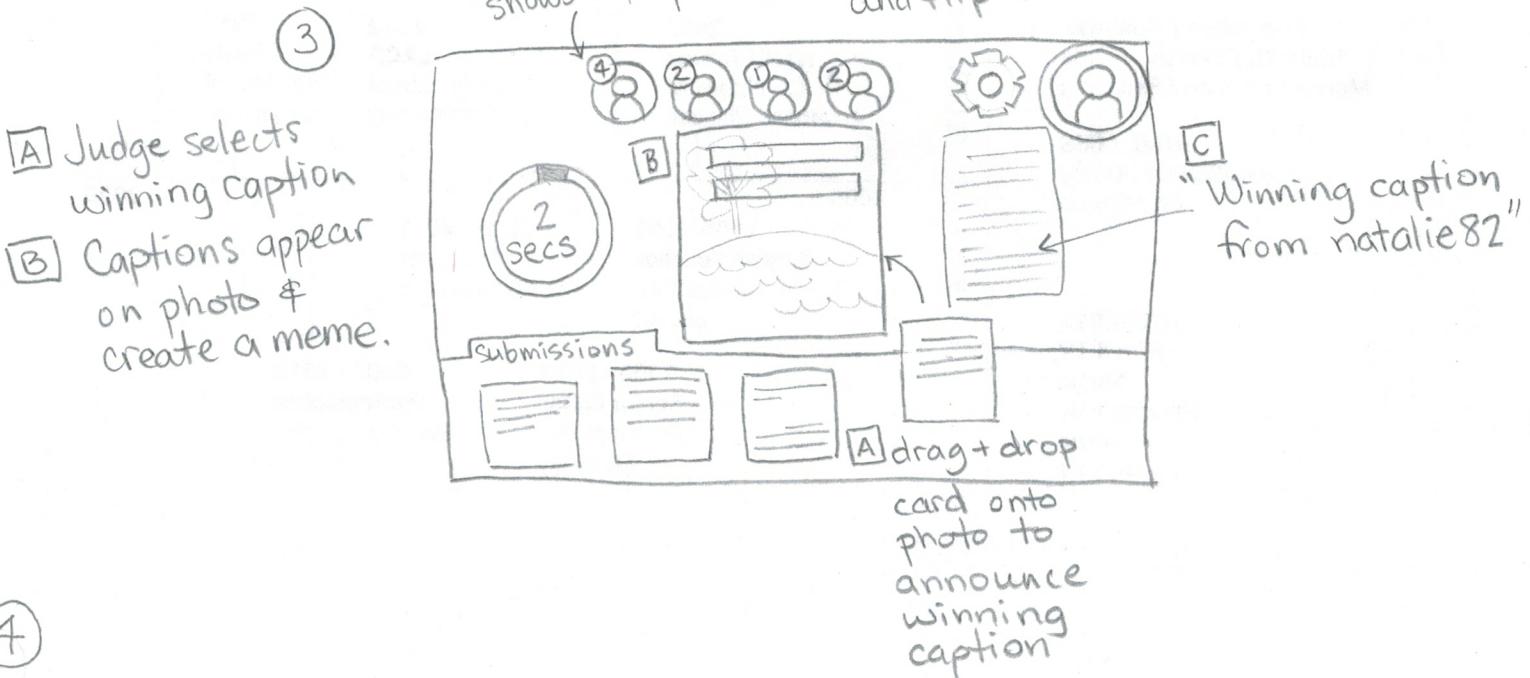

while judge is judging entries,
my card tray is
greyed out. I can
see the judges'
cards but can't
control or move
them.
